

ECHO KUSHU LTD

Professional Website Design, Hosting & Ongoing Support

Professional website development for £350
Start with £97.99, with affordable hosting and ongoing support.

A Better Way to Build Your Business Online

At ECHO KUSHU LTD, we believe a professional website should be affordable, straightforward and built around the needs of your business. You can begin with an initial payment of **£97.99** toward a total standard website development price of **£350**.

Once your website is running, our ongoing website service costs **£27.99 per month**, with an initial minimum service period of six months.

Why Work With Us?

Low upfront cost. Begin with £97.99 rather than paying the full development cost at the start.

Clear pricing. The standard agreed website development package is £350, subject to the agreed specification.

Affordable ongoing service. Hosting and ongoing website service are £27.99 per month.

Flexible improvements. Minor changes can be grouped together and submitted as one batch for a £10 adjustment fee.

Optional logo design. Professional logo design is available for an additional one-time fee of £100.

Freedom to move. After the minimum term and one full billable month's notice, you may request a reasonable website handover subject to this Agreement.

Pricing Summary

Service	Price / Term
Website Development	£350.00 total
Initial Payment	£97.99
Remaining Development Balance	£252.01
Hosting & Ongoing Service	£27.99 per month
Minimum Service Period	6 months
Minor Website Adjustments	£10 per submitted batch/request
Optional Logo Design	+ £100 one-time fee
Google Reviews / Google Business	Not included - separately chargeable
Major New Features / Development	Quoted separately
Cancellation Notice	One full billable month after minimum term

Website Adjustments

After completion, minor customer-requested changes cost **£10 per submitted adjustment request**. Several reasonable minor changes may be grouped together as one batch. Major redesigns, substantial new pages, booking systems, e-commerce, bespoke programming, database work or significant new integrations may be quoted separately.

Google Reviews & Google Business

The standard website package and monthly website service do **not** include ongoing management or updating of Google Reviews or a Google Business Profile. These services are separate and may be priced independently.

Optional Logo Design

If a new professional logo is required, ECHO KUSHU LTD can provide logo design for an additional **£100 one-time fee**. The scope and included revisions will be agreed before design begins.

1. Purpose of the Agreement

ECHO KUSHU LTD ("Echokushu", "we", "us" or "the Provider") agrees to design and develop a website for the Customer according to the specification agreed between the parties. Where included within the Customer's agreed package, ECHO KUSHU LTD will also provide website hosting, routine technical maintenance and support in accordance with this Agreement.

2. Website Development Price

The standard website development price is **£350.00**. The initial payment is **£97.99**, leaving a development balance of **£252.01**. The initial payment allows development work to commence. The remaining balance is payable upon completion and before final launch, transfer or handover unless otherwise agreed in writing. Work outside the agreed specification may be quoted separately.

3. Monthly Website Service

The ongoing website service is **£27.99 per month** with an initial minimum service period of six months. Depending on the agreed package, it may include hosting, routine technical maintenance, routine backups, security-related maintenance, technical support and general management of website infrastructure. It does not include unlimited redesign or new development.

4. Minimum Service Period

The ongoing service has an initial **minimum service period of six months**. Nothing in this Agreement is intended to remove statutory cancellation, refund or other rights that apply under UK law.

5. Website Specification

The parties will agree the principal requirements of the website. The £350 development price relates to that agreed specification. Significant additions or changes outside the original specification may be separately quoted.

6. Customer Responsibilities

The Customer will provide information and materials reasonably required to complete the website, including business details, text, logos, photographs, prices and other relevant content. The Customer is responsible for accuracy and for having the necessary rights or permissions to use supplied materials.

7. Development, Review and Approval

The Customer will be given a reasonable opportunity to review the website and identify corrections required to bring it into line with the agreed specification. Once completed and approved, later Customer-requested minor changes normally fall under the £10 adjustment service. Fixing a fault caused by ECHO KUSHU LTD, or bringing the original website into conformity with the agreed specification, will not be treated as a paid adjustment.

8. Website Adjustments - £10 Per Batch

After completion, Customer-requested minor alterations are charged at **£10 per submitted adjustment request**. An adjustment request may contain multiple reasonable minor changes submitted together as one batch. Substantial redesign, significant new pages, booking systems, e-commerce, payment integrations, bespoke programming, database development, structural changes or significant new third-party integrations may require a separate quotation.

9. Optional Logo Design

Professional logo design is available for an additional **£100 one-time fee** and is not included within the £350 website development price. The scope and included revisions will be agreed before logo design begins.

10. Google Reviews and Google Business Services

Google Reviews management and Google Business Profile management are **not included** within the £350 development price or £27.99 monthly website service. These services may be separately agreed and charged.

11. Domain Names

The parties will agree whether a domain is already owned by the Customer, registered on behalf of the Customer or managed as part of the service. Where reasonably practicable, a domain intended for the Customer's business should be capable of being transferred to or controlled by the Customer once applicable charges have been paid.

12. Hosting

Where hosting is included, ECHO KUSHU LTD will arrange hosting while the Customer maintains the relevant service. No internet hosting service can guarantee uninterrupted availability, and temporary interruptions may occur due to maintenance, security work, third-party providers or circumstances outside reasonable control.

13. Ownership and Intellectual Property

The Customer retains ownership of original content supplied by the Customer, subject to third-party rights. Once the full website development price and applicable development charges have been paid, the Customer receives the agreed rights to the completed website specifically created for them. ECHO KUSHU LTD retains ownership of pre-existing materials, general-purpose code, reusable components, frameworks, libraries, templates, tools and other intellectual property not created exclusively for the Customer. Third-party materials remain subject to their own licences.

14. Third-Party Services

Websites may rely on third-party hosting, domain registrars, email providers, APIs, payment processors, booking systems, plugins and other services. ECHO KUSHU LTD cannot guarantee the continued operation of services controlled by third parties.

15. Legal and Prohibited Content

ECHO KUSHU LTD may refuse to publish, host or maintain material reasonably believed to be unlawful, infringing, malicious or likely to expose systems or services to unreasonable legal or security risk. The Customer remains responsible for the legality of their business activities and content they ask us to publish.

16. Non-Payment

Payments must be made according to the agreed payment schedule. If an amount becomes overdue, ECHO KUSHU LTD may request payment and, after reasonable notice, may suspend hosting, maintenance or related services where legally permitted and proportionate.

17. Cancellation and Notice Period

After the initial six-month minimum service period, the Customer may cancel the ongoing service by providing **one full billable month's notice**. The Customer remains responsible for the normal £27.99 service charge during the final billable month. Hosting and applicable support continue throughout that final billable month.

18. Website Handover

After the minimum service period, required notice and payment of all amounts properly due, a terminating Customer may request a reasonable handover. Subject to technical structure and third-party licensing, this may include Customer-specific website/project files, Customer-specific source code, relevant website content, domain transfer information where applicable and information reasonably required by a replacement provider. ECHO KUSHU LTD's proprietary systems, internal tools, reusable libraries and licensed third-party components are not transferred unless expressly agreed.

19. Data Protection

Both parties agree to comply with applicable data protection legislation, including the UK GDPR and Data Protection Act 2018 where applicable. The Customer is responsible for determining what personal information their business collects through the website and for appropriate privacy information and lawful processing arrangements.

20. Liability

Nothing in this Agreement excludes or limits liability where doing so would be unlawful. Subject to applicable law, ECHO KUSHU LTD will not be responsible for losses caused solely by matters outside its reasonable control, including failures of independent hosting providers, internet infrastructure, third-party APIs or external services.

21. Changes to This Agreement

Any material change to the website specification, pricing or services should be agreed between ECHO KUSHU LTD and the Customer in writing. Email or another agreed written electronic communication may record agreed changes.

22. Governing Law

This Agreement is governed by the laws of England and Wales. Nothing in this provision removes any mandatory rights a consumer may have regarding where legal proceedings may be brought.
